Week of February 4, 2020

Here's what happened in worship this past Sunday.

This week in worship we heard from the gospel of Matthew, in this passage we hear we hear Jesus beginning the sermon on the mount, with the familiar beatitudes. In the sermon we considered our Church sign which has said "Oh Lord let there be peace on earth and let it begin with me". Although it may seem silly that it has remained there for a few weeks it remains true and is echoed in what Jesus shares today. This list of blessings highlight those types of people that generally are forgot or even taken advantage of in our every day society. Jesus says 'Blessed are the peace makers' so we asked the question who are they? The answer isn't those employed in military or officials of the UN. The answer confronts us every day, we are the peacemakers, in seemingly small situations amongst our daily tasks. We can stand out and show the peace of God to our friends, co workers, and even strangers around us. We left encouraged that we can make a difference. Even though it may be risky we have the ability to change the dialogue. We have the ability to change the world around us in each act of peace.
